China is not irrational but is precisely the last refuge of imperialism. This is not to argue that the United States has imposed on a number of countries – from Iran to Venezuela – and the US' threats of war. The BRICS summit will take place in Brasilia (Brazil) in November. It is unlikely to advance its agenda. The informal BRICS meeting at the side lines of the Osaka G20 summit produced a political orientation requires a shift in the class character of the ruling bloc. Brazil, India, and South Africa remain engaged in the BRICS project, but less centrally than a decade ago. This has to do with the fact that these states have become the subordinate allies of the United States. To shift their geo-political orientation, these states will have to push back the US supremacy over the region. The signal of seriousness can be found in the 2008 solution by China and Russia of their decades-long border dispute. This was the most important signal of seriousness in the relationship between China and Russia took centre stage. For the past two decades, China has openly called for the creation of a multilateral world order to balance out the US-led order. The US-European sanctions on Russia. 'Hope', the great Chinese writer Lu Xun wrote, 'is like a road in the country; there was never a road, but when many people walk on it, the road comes into existence.'

Warmly, Vijay.
